

## Action

We live into our action story.

Create the story you want to live in to.

Stories that are created without intention.

I am inconsistent

I am a procrastinator

I am a great starter but a bad finisher

## New stories

I am consistent

I am a master of action

I am motivated by deadlines

Create a set of declarations. Instead of them just being words, live by them.

I play at a 7+ every business day

I will do this work until September 12, 2046

I can do anything for a short period of time

## Action Productivity Tips

Write down your day

Write down your life

Think in decades
